MG500

Flush Glazed Sliding Folding

The benefit of the MG500 is that we require no structural support within the ceiling meaning this product can be installed anywhere. With the slim back painted border you have clear view visual lines allowing a superior light flow around the office, cost-effective installation, flexibility in the work environment as well as the simple fact that they look elegant and classy.

Not only these, but they also offer exceptional sound reduction allowing for privacy to be had amongst clients or for important internal meetings.

These glass movable walls have panels constructed with an aluminium frame and come finished with a flush sheet of toughened glass to both sides of the panel, giving a flush glazed appearance. They work especially well when installed in office spaces and impresses anyone who may see them, whether they be stakeholders, important clients or business partners.

Key Facts:

- Acoustic reduction from 37dB to 46dB
- Floor-supporting
- Panel widths 500mm to 950mm
- Height up to 4,000mm
- Pass door as standard
- Centre-folding or end-folding stacking options
- Slimline edge profiles
- Frame powder coated to any chosen RAL colour

MG500

What We Do

ModernGlide Ltd is owned by business partners Neil O'Halloran and Aran Meadows. Their approach to business can be summed up in two simple phrases – “we can” and “we care”.

Who We Are

The company was formed in 2015 and has enjoyed continual growth year on year, completing many prestigious projects in this period. Neil & Aran share over 40 years experience in the movable wall/folding partition industry and they are both very proud of the products and services ModernGlide offer to their customers throughout the UK.

Servicing

As expert suppliers of moving walls and acoustic panels, we understand the individual components of any movable walls you have.

We meet the clients servicing needs nationwide, whether you are in need of work being undertaken on folding partitions, acoustic glazed doors, solid movable walls ModernGlide have you covered.

So when your movable wall is due a service or you think that something isn't as smooth as it used to be, we have our experts on standby to come and resolve the issue. We offer multiple maintenance packages that are flexible to you and your needs.
